

Bali Sunset

A great queen size quilt for any bedroom. This version combines two vintage prints with contemporary bali prints. Any fabrics will work. Showcase your favorite fabric in the background and pull all the other colors from there! The oversized sawtooth border sits just off the top of the bed, giving drama to the quilt drop. The quilt size can be decreased or increased easily with an outside border adjustment. Sometimes adjustments are needed for bed height variations, so check yours!

Quilt Size: 99 1/4" square • **Block Size:** 16" square
